

Summer Newsletter From Bristol Hills Historical Society

South Bristol Grange Hall Continues on into the 21st Century with a New Roof

The Bristol Hills Historical Society is happy to announce that the roof replacement project on our headquarters, the historic South Bristol Grange Hall building, has recently been completed. The new steel roof will help preserve the almost hundred-year-old building and the contents that are stored there. The steep pitch of the roof made it a challenge for the roofing contractor to complete the project, but after aerial equipment was brought in the new roof and gutters were in place by mid-June.

Preserving this historic building for our community is a top priority and function of the Bristol Hills Historical Society. This major preservation project has depleted the funds of the organization to the extent that we are seeking contributions at this time to replenish the historical society funds. Contributions are especially needed right now because we have postponed all fundraising events for the remainder of 2020, due to the gathering restrictions in place because of Covid-19 health concerns.

If you are willing to contribute at this time to the building fund, please send a check payable to Bristol Hills Historical Society to:

Spence Parsons /BHHS Treasurer
6412 County Road #32
Canandaigua, NY 14424

The new steel roof on the South Bristol Grange building is completed!

**All of our planned BHHS events have been canceled
for the remainder of 2020. We hope see to everyone in 2021.**

*Until we can be together again safely, please follow NY State and Ontario Co.
recommendations about Covid -19, and when you do venture out please wear a mask
where social distancing is not easily achieved.*
